*"Terry's ...workshop has given us an incredible boost of confidence with how to create a memorable, meaningful and efficient experience with new prospects or existing clients. We have begun to apply these simple, yet powerful techniques that have taken the fear out of networking conversations and have already seen positive results. These tools, if executed consistently, are absolutely invaluable."*

**Guy S. Johnston, Executive Vice President/Retail Banking Manager, Cardinal Bank**

*"Her unique and engaging style of communication, as well as the tremendous information, made a big impact by increasing our sales and taking care of some time management issues."*

**Rick Gordon, Principal, Radio King Orchestra**

*"(Your) presentation was greatly received and the feedback from the participants was overwhelmingly positive. The seminar was engaging, high energy, and incredibly useful...I will be in touch about scheduling more seminars."*

**Amanda Movahhed, Member Events Coordinator, DC Chamber of Commerce**

*"I deeply appreciated Terry's play "Frozen Kisses". It helped clarify why I need to focus on what's important to me, identify what's getting in the way, and act to eliminate those barriers. It brought to mind the work of Peter Senge and colleagues in the book Presence in which they explore profound change in people and organizations. Terry's work makes that exploration of profound change both real and personal."*

**John McCann, Director for Training and Development, CI International**
